A variety of sessions are available.

We have seven members of staff who are suitably qualified and trained to get the best out of the children that attend.
Manager - Jo Ford
Deputy Manager - Lindsay Whitelock

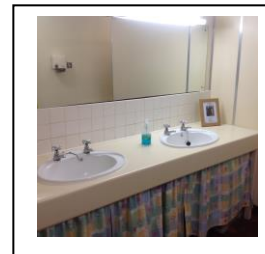

A wide range of activities are provided in a safe, friendly and stimulating environment providing children with the opportunities to learn both indoors and outdoors. Our aim is to help children develop their full potential through positive experiences. The children are also given the opportunity to relax or read in a "quiet" area.

Playing outdoors is a form of exercise that promotes well-being and physical development, it allows children to explore their environment, develop muscle strength and coordination, and gain self-confidence. Playing actively outdoors also increases flexibility, fine and gross motor skills and develop team building.
We offer free flow indoors and outdoors most days.
Children are encouraged to play outside in all weathers.

We give children a chance to practice self-care skills this is a good way to help them feel capable and increase their confidence and self-esteem.

Breakfast consists of a variety of cereal, porridge, toast and fruit. After school the children receive a healthy snack on arrival. In the middle of the session a snack tea is provided, just enough to keep them going but not to spoil their tea!
